|  | E ↗       | E                      | D         | D ↗                   | E         | E                      | D ↗       |

*Note: Cq is C quartal, etc. i.e. these are the 4-part fourth chords.  
Long form is twice 'normal' length because both chords works through all inversions.*

*5ths of triads in each TBN I chord rise while other three voices move downwards, all in single scale-tone steps, to arrive at the 4-part fourth chord. Then, roots of each of the 4-part fourth chords rise one step, to make the next TBN I. (Arrows show rising movement).*
